Space Guidelines **CONNECTED CANOPY**

About Connected Canopy

Connected Canopy is a program created and designed by Creative Generation, produced in collaboration with Cambodian Living Arts.

Connected Canopy is a newly established outdoor community arts space, inaugurated in February 2025, with a capacity to accommodate up to 80 people.

Connected Canopy is a welcoming, inclusive, and safe space designed to support the vibrant arts community. The space provides an opportunity for artists, cultural practitioners, and community members to present a wide range of creative and cultural activities — including talks, exhibitions, performances, film screenings, readings, and more. This also includes CLA's own programming.

These guidelines are intended to inform prospective users of the terms and conditions for proposing and hosting events at Connected Canopy Space.
