Recent delegates have described the trip as, 'life changing' and, 'an experience not otherwise possible to normal tourism.'

As a delegate you support local artists, jobs and opportunities through responsible tourism.

Welcoming The Khmer Magic Music Bus to CLA

The Khmer Magic Music Bus has recently become a program of CLA , and we are really happy to be working with THORN Seyma and her team, and helping them to take traditional music to more communities around Cambodia, and to keep rare and lesser-known art forms alive.

We will leave you with this fantastic video made by the team – we hope you enjoy it!
